

YOU are invited to attend the kickoff events for the
**National Grassroots
Summit and Forum on
Radioactive Waste Policy**

Help create a
**Grassroots Commission on
Nuclear Waste Policy**

To develop a People's U.S. Radioactive Waste Policy
Friday, June 4 - Sunday June 6, 2010
Loyola University Lake Shore Campus**
Chicago, IL (**location only; not a sponsor)

Registration and secure online payments at: www.neis.org

Who Should Attend: environmental and radioactive waste activists; residents of affected waste dump and decommissioning communities; those with interests in spent-fuel issues, dry-cask storage, reactor fuel reprocessing, radwaste transport, and the DOE Blue Ribbon Commission; ED's and Board members of environmental groups; media members; legislators and officials

The Forum -- "A People's History of Radioactive Waste": Saturday, June 5, 1- 6 p.m.
Educational programs on select topics informing the public about radioactive waste issues and what can be done about them.

The Summit: Friday afternoon, Saturday/Sunday morning sessions
Invitational strategic sessions open for individuals and organizations already involved in radioactive waste and responsible energy policy issues, and those intending to become involved. Will create the "People's Green Ribbon Commission on America's Nuclear Waste Future," to research and report back environmentally responsible solutions to the waste problem. (Summit registrants have access to Forum and Saturday Night program)

Special Saturday Night Program – Keynote speakers:

Dr. Arjun Makhijani, president, IEER; **Jessy Tolkan**, executive director, Energy Action Coalition (invited)
Musical offering: **Victor McManemy**

Housing – single & double rooms available onsite (non-refundable after May 2nd)

Current sponsoring organizations (co-sponsors welcome; new groups being added):
Beyond Nuclear • Clean • Guacamole Fund • Loyola Student Environmental Alliance
Nevada Nuclear Waste Task Force • Nuclear Energy Information Service
Nuclear Information and Resource Service

For info/registration: Nuclear Energy Information Service (NEIS) • (773)342-7650; -7655 fax • neis@neis.org
